Michigan Farmworker Jobs Paying \$14.72 per Hour

Several agricultural employers are seeking workers for agricultural jobs in Michigan that will pay at least \$14.72 per hour as of 2/23/2021. The following chart lists the jobs available in Michigan. These jobs are open to any qualified job applicant, including migrant and seasonal farmworkers anywhere in the U.S. These jobs are often called “H-2A jobs” because if an agricultural employer cannot find enough U.S. workers to fill these jobs, the agricultural employer can bring foreign workers to Michigan under the federal “H2A visa” program. However, the H-2A program has specific requirements that an employer must follow, which are meant to protect U.S. workers from being displaced by H-2A visa holders. For example, the employer must hire all able, willing, qualified and available U.S. workers who apply **for these H-2A jobs before the “50% of the contract.”**

In addition, all workers, including U.S. workers, who apply for and obtain these “H-2A jobs” have the right to the same terms and benefits of employment.

Examples of benefits available to all workers employed in these jobs include:

- Hourly wage of at least \$14.72 (as of 2/23/2021; however, *certain H-2A employers may be required to make wage adjustment payments to farmworkers who were not paid at least \$14.72 per hour for work performed between January 15, 2021 and February 23, 2021, indicated below by an asterisk)
- Free and licensed housing, if the worker does not live within commuting distance
- The cost of travel from the place of recruitment to the job site, if the worker completes 50% of the contract
- The cost of travel back home, if the worker completes the contract period
- A record of the amount of work performed and amount paid, including deductions
- Workers compensation insurance or its equivalent

If you are denied a job for which you believe you are qualified, because of your need for family housing, or any other unlawful reason, or if you are employed in one of these jobs and do not receive the benefits identified above, call Farmworker Legal Services at 1-800-968-4046 to talk to an attorney for free. Farmworker Legal Services will counsel H2A visa holders about their rights under their contracts, U.S. workers who obtain these “H2A” jobs, and potential U.S. workers who are denied their right to obtain these jobs. An updated version of this list is available at www.FarmworkerLaw.org.

Interested individuals can apply for these jobs by emailing the employer directly at the address below or you can call the Agricultural Recruitment System Hotline at 1-855-633-2373 to talk to the State Monitor Advocate regarding how to apply. ¹ We recommend that interested individuals consult/request employment in writing through email for example, or through the state’s department of labor to ensure the request is registered. ²

¹ Farmworker Legal Services does not participate in the process of matching workers to potential employers under the H-2A program. This list is compiled from data available at <https://www.foreignlaborcert.doleta.gov/performance/cfm>. Inclusion on this list does not imply endorsement of any of these employers.

² Michigan Department of Labor and Economic Opportunity Agricultural Recruitment Hotline 855-633-2373, Michigan Works! Service Center at 800-285-WORKS (9675) or MichiganWorks.org. https://www.michigan.gov/leo/0,5863,7-336-94422_95539_73444-517913--,00.html
